JUL 30 2014

Mr. John B. Crooks
Corblu Ecology Group, LLC
1305 Lakes Parkway, Suite 110
Lawrenceville, Georgia 30043

RE: Freedom of Information Request Number EPA-R4-2014-006791

Dear Mr. Crooks:

This letter is in response to your Freedom of Information Act (FOIA) request dated May 23, 2014, regarding the former General Motors Parts Division warehouse located at 5373 Peachtree Industrial Way, Chamblee, Georgia.

Please find enclosed a copy of the preliminary site assessment report in response to your request. Fees are waived as de minimis.

You may appeal this response to the National Freedom of Information Officer, U.S. EPA, FOIA and Privacy Branch, 1200 Pennsylvania Avenue, N.W. (2822T), Washington, D.C. 20460 (U.S. Postal Service Only), Email: hq.foia@epa.gov. Only items mailed through the United States Postal Service may be delivered to 1200 Pennsylvania Avenue, N.W. If you are submitting your appeal via hand delivery, courier service or overnight delivery, you must address your correspondence to 1301 Constitution Avenue, N.W., Room 6416J, Washington, D.C. 20004. Your appeal must be made in writing, and it must be submitted no later than 30 calendar days from the date of this letter. The Agency will not consider appeals received after the 30 calendar day limit. The appeal letter should include the FOI number listed above. For quickest possible handling, the appeal letter and its envelope should be marked "Freedom of Information Act Appeal."

Should you have questions regarding this response, please contact Donna Robinson at (404) 562-9500 or robinson.donna@epa.gov.

Sincerely,

Kenneth R. Lapierre
Assistant Regional Administrator

PROJECT NOTE

NO FURTHER REMEDIAL ACTION PLANNED (NFRAP)

Date:

From: John A. McKeown
North Florida Project Officer
Site Assessment Section
347-5065

SUBJECT: General Motors Parts Div - Chandler

EPA ID No. 6AD005814350

No further remedial action is planned for the aforementioned site by EPA. This decision was based on a thorough examination of the file material pertaining to the site. Justification for this recommendation is listed below:

NFRAP due to fact that no spills have occurred on site & no waste was ever disposed of on site. Facility only generates a few quarts of waste in a 90 day period. No threat to environment.

SITE SUMMARY

GENERAL MOTORS PARTS DIVISION - CHAMBLEE

GAD000814350

The General Motors Parts Division - Chamblee facility is an automotive parts warehouse and distribution center which has been operated by the General Motors Corporation Warehousing and Distribution Division of Flint, Michigan since 1956. This facility uses small quantities of solvents, glass cleaners, anti-freezes, etc. and generates only a few quarts of waste in any 90 day period. A Part A application was erroneously submitted and later withdrawn and the status of the facility was changed to Small Quantity Generator (Attachments 5, 6, & 7).

Wastes generated in 1981 were removed from the site by Arivec Chemicals, Inc. (GAD990740714) (Attachment 4). No wastes were generated in 1982 (Attachment 3). There has been no disposal of wastes on the site and no spills have occurred.

Because there is no threat posed to either the environment or surrounding residents, a priority for Site Inspection of NONE is being assigned to this facility.

GENERATOR ANNUAL HAZARDOUS WASTE REPORT

This report is for the calendar year ending December 31, 1982

AFFIX LABEL HERE

GENERAL INSTRUCTIONS: If you received a preprinted label attached to the mailing envelope in which this form was enclosed, affix it to the space provided. If any of the information on the label is incorrect, draw a line through it and provide the correct information in the appropriate section below. If the information is correct and complete, leave sections I, II, and III blank. If you did not receive a preprinted label, complete all sections. REFER TO THE SPECIFIC INSTRUCTIONS CONTAINED IN THIS BOOKLET BEFORE COMPLETING THIS FORM. The information requested in this report is required by law (Section 3002 of the Resource Conservation and Recovery Act).

Please print/type with black ink on one side of the form.

RE: Request for Facility Status
Changes for G.M. Parts Division
Plant, Chamblee, EPA
ID# GAD000814350

Dear Ms. Sorchevich:

This will acknowledge receipt of your request for withdrawal of your application for a Hazardous Waste Facility permit.

Based on the information provided, withdrawal of your application is warranted and your permit application has been placed in our inactive files.

[As requested, your status has been changed to a small quantity generator and your EPA Identification Number has been retained.]

Please be advised that withdrawal of your permit application invalidates any variance that you received to continue existing hazardous waste treatment storage or disposal during the permit review process and that based on our concurrence with your withdrawal request, the Federal Environmental Protection Agency will terminate your facility's interim status.

Should you wish to treat, store, or dispose of hazardous waste in the future, it will be necessary that a hazardous waste handling permit be issued, prior to the construction of such facilities, under authority of Section 8 of the Georgia Hazardous Waste Management Act and paragraphs .10 and .11 of Georgia's Rules for Hazardous Waste Management, Chapter 391-3-11.

If further clarification is needed on this matter, please feel free to contact Alan Laros at 404/656-7807.

Sincerely,

John D. Taylor, Jr., Program Manager
Industrial & Hazardous Waste
Management Program

FILE COPY

MEMORANDUM

TO: John D. Taylor, Program Manager, I & HW Management Program *BT*
THRU: Jennifer Kaduck, Unit Coordinator, I & HW Management Program *JK*
FROM: Alan R. Laros, Environmental Specialist, I & HW Management Program
SUBJECT: Facility Status change for General Motors Parts Division,
Chamblee-EPA ID# GAD000814350

On July 15, 1983 I spoke with Ms. Bernadette Scorchewich, with General Motors Corporate Division concerning the present hazardous waste handling status of the G. M. Chamblee plant. I was informed that the permit application for drum storage for this facility was originally filed as a result of a misunderstanding of the Hazardous Waste Regulations. In actuality this facility is a small quantity generator of hazardous waste. (This office received a request for part A withdrawal from G. M. on July 25, 1983). Apparently a withdrawal request had previously been made to EPA in May of 1982 and this office never received a copy of the correspondence (see copy of correspondence attached to withdrawal request).

As a follow-up I spoke via telecom with Mr. Paul Welch, General Services Manager for the G. M. Chamblee Plant. According to Mr. Welch this facility does use solvents, glass cleaners, anti-freeze etc. at their parts storage facility, but that only a few quarts of waste is ever generated over a 90 day period. This waste is removed for disposal by the same company that handles G. M. Doraville's Waste paints and solvents.

I recommend that this facility be removed from our active files and listed as a small quantity generator.

RE: EPA #GAD000814343 - Doraville
EPA #GAD000814350 - Chamblce
Change of Status to Small Quantity Generator

General Motors Warehousing and Distribution Division is hereby submitting a request for change in the status of the above referenced facility from full Treatment, Storage, or Disposal Facility (TSDF) to Small Quantity Generator. This change is requested due to a modification in the nature of our operations which now generate waste materials at a rate less than 1000 kilograms per month.

In addition, we are requesting deletion of the original listed wastes. The wastes were initially listed as Commercial Chemical Products ("U" numbers). However subsequent clarification of the definitions in the regulations indicate the wastes should be listed as ignitable and corrosive ("D" numbers) as shown on the enclosed revised page 3 of 5 of the Part A permit application.

Also, at this time, we are requesting that we retain our EPA ID number for future use should the nature of our operations change again.

I certify under penalty of law that I have personally examined and am familiar with the information submitted in this and all attached documents, and that based on my inquiry of those individuals immediately responsible for obtaining the information, I believe that the submitted information is true, accurate, and complete. I am aware that there are significant penalties for submitting false information, including the possibility of fine and imprisonment.
